Item 4 of the provisional agenda

COUNTERPART AND SOVEREIGN RISK OBSTACLES TO IMPROVED ACCESS TO RISK MANAGEMENT MARKETS: ISSUES INVOLVED, PROBLEMS AND POSSIBLE SOLUTIONS

Report by the UNCTAD secretariat

Corrigendum

The second paragraph of the box on the cover page should read as follows:

This report is rather technical and presupposes a good knowledge of market-based risk management instruments, their uses and modalities. Readers are referred to document UNCTAD/COM/15, "A survey of commodity risk management instruments", 15 March 1993, for background descriptions.
